The Links at Fancourt

Ranked #2 in SA

Designed by Gary Player

The design of the course was modelled on the links courses of the British Isles and, unsurprisingly, Gary Player has described it as his greatest ever feat as a course designer. It is a truly breathtaking property with the course built on an old airfield. Home to the 2003 Presidents Cup. The USA and the International team tied and the USA retained the trophy..

Montagu at Fancourt

Ranked #5 in SA

Designed by Gary Player

Fancourt's Montagu golf course has gained a world-renowned reputation as one of the best 18-hole parkland courses. The Montagu is well-known for superb conditioning and fast-paced firm greens. This magnificent course has some of the best aesthetics in South Africa.

Simola Golf Estate

Ranked #16 in SA

Designed by Jack Nicklaus

Simola is a spellbinding Jack Nicklaus signature design high in the hills above the Garden Route town of Knysna. The course boasts an unusual configuration with five par 5 and five par 3 holes, with four tees to choose from. The Sunshine Tour has visited Simola often as a venue for its Vodacom Origins pro-am tournaments.

Gary Player – Sun City

Ranked #12 in SA

Designed by Gary Player

South Africa's best-known golf course locally and globally, due to its high-profile television exposure as host for the past 40 years of first the Million Dollar Challenge and then the Nedbank Golf Challenge. An iconic layout in a magnificent bushveld setting in a valley of the Pilanesberg.

The Lost City at Sun City

Ranked #65 in SA

Designed by Gary Player

The second course at Sun City is a highly creative and varied design, very different from the Gary Player CC due to its setting in a smaller valley between two rocky hills. It's more undulating and Player has used the slopes of the hills for stark green designs and elevated tee boxes. It deliberately invokes an arid, almost desert look in terms of its bunkering and vegetation compared to the lush grassy expanse of the older GPCC.

Leopard Creek

Ranked #1 in SA

Designed by Gary Player

The entrance is as strictly secured as that at Augusta National. Course architect, Gary Player, commented as follows: "Leopard Creek is surrounded by bushveld. The fact that you could be playing while hearing a hippopotamus snort or seeing a lion near the fence is unique, as is the pitch shot you might hit over a lake full of crocodiles and hippos

Outeniqua at Fancourt

Ranked #23 in SA

Designed by Gary Player

The Outeniqua golf course provides a relaxed and enjoyable golfing experience. While it offers a constantly changing terrain, it presents sufficient challenges to keep golfers engaged. This beautiful course is named after the mountains that paints its backdrop.

Erinvale Golf Estate

Ranked #25 in SA

Designed by Gary Player

Nestled in Erinvale Estate, the prestigious Erinvale Golf and Country Club boasts panoramic vistas of the Helderberg and Hottentots Mountains, winelands, and ocean. Erinvale had only been open for 18 months when the club hosted the 1996 World Cup of Golf, the first in South Africa. It attracted huge galleries in support of the victorious SA team of Ernie Els and Wayne Westner. Having a successful World Cup helped secure SA the Presidents Cup in 2003.

Pearl Valley Golf Estate

Ranked #3 in SA

Designed by Jack Nicklaus

The front gate to the club is at the bridge leading over the Crocodile River into the Malelane Gate of the Kruger National Park. The entrance is as strictly secured as that at Augusta National. Course architect, Gary Player, commented as follows: "Leopard Creek is surrounded by bushveld. The fact that you could be playing while hearing a hippopotamus snort or seeing a lion near the fence is unique, as is the pitch shot you might hit over a lake full of crocodiles and hippos."

Table Mountain

Take in the breathtaking view from the top of Table Mountain, one of the seven wonders of the natural world.

Private Game Lodge

When you come to Jock Safari Lodge, you're really coming to see the wild spaces and wildlife surrounding our lodge. If you're hungry for exploration, for deeply immersing yourself and learning about the bush's delicate balance and fascinating stories, this is the place for you.

Famous Wine Region

Franschhoek is home to some of the best wineries in the country. There are plenty of ways to enjoy the vineyards apart from just tasting the wines. Many offer paired tasting with foods as diverse as fudge, chocolate or cheese. Olive oil is also made in the valley..
